

## THE GANGS I CANT KEEP TRACK OMG

The first group is the leader of The Fighters or The Fighters for Life, with Yoni as his partner, with both of them having equal power. Even though this was the first to group to rise in this stream, in the original this was actually the second.

"The fighters for life thread is a group in this, the fighters have multiple roles and members of the fighters will be promoted every 10 kills of a major event." -Real P

Real P and Yoni got the idea for promotions from another member, Crow, who explained the idea of these roles: murderer, duster, life ender, life remover, killer, alivent, and fight.

When Yoni was asked why he wanted to fight, he said this: "because I was one of the two first ACTIVE fighters in mystic's stream." -Yoni

(oh and Xavier exists)

The next group to rise was The Barrier Breakers, led by Cookie. This was the fourth to rise in the OG stream.

"I'm the original MERCY team. Well at least the first I saw; took it because the faction looked sad with no one in it and I thought 'well fleeing is cool and fast and awesome and it's technically part of MERCY so I guess that works'" - Cookie

(Later replaced by Mercy Gang)

The next two to rise, both around the same time, was The Checkers Squad, led by PresidentJamm. In the OG stream, The Checkers Squad was the first to rise.

"That would be me (I was elected so in MysticSlime's stream). We check to gain knowledge. We check to know the enemy. To fill a record is to win our game, as we plan to check each enemy once. 'If you know the enemy and know yourself, you need not fear the result of a hundred battles. If you know yourself but not the enemy, for every victory gained you will also suffer a defeat. If you know neither the enemy nor yourself, you will succumb in every battle.' - Sun Tzu, The Art of War" -PresidentJamm

Around the exact same time as The Checkers Squad, came the Pie-Eaters, led by Remy. However, this was more of a nomad group, not having an official place where they could meet up just yet. Itemizers were the third in both of the streams.

"Well it's very useful during battle. One big issue we have is that nobody ever eats cos they're all spamming z to fight or whatever. and out of battle... eating all the food... is just... fun. but that rarely happens so ͇\_(ツ)\_/͇" -Remy

Another minor group also formed, known as the Z Gang, led by Bryce, to keep alive the spamming of Z during flowey's final boss fight in the OG stream. This group came last in both streams. When asked why he wanted to spam Z, he said this. "We are the hands of the vessel. Our purpose is action. Without action we are certain to die. Uhh also Z is a cool letter." -Bryce

Actually, we have an interview with Leaf Gang. Leaf Gang has two leaders, Temsyod and JustYana. "We are committed to grinding for monsters in this room as part of the grander

Glad Dummy plan. However some of us are extreme enough to believe we should stay in the leaves forever" -Temsyod.

Apparently, according to Temsyod, The Glad Dummy Plan is a plan to grind in the ruins and snowdin in order to get on the genocide route so that they can bypass difficult puzzles/bosses, specifically Mad Dummy, being the fact that it is extremely hard for them to complete.

The Leaf Gang has allies in The Fight For Life Gang and the Glad Gang.

We also have one with Troll Gang, with the leader, Sans, stating this. "The purpose of this is we want to ruin other people's goals but support some other gangs, we want this to happen cuz it's funny." -Sans

According to the leader of Troll Gang, their allies are Leaf Gang, Glad Gang, and Z Gang.

Also, the leader of Spare Toriel Gang also answered, with the leader being Jarack. "Okay, so you know how a steak takes longer to prepare than Mcdonald's? Papyrus is a steak, he has more EXP to nab from killing him. Snowdin will be harder and we will miss out on glad dummy but do we really have the heart to do aborted Pacifist and the ability to take on Undyne The Undying?" -Jarack

They have no conflicts or allies.

(Later replaced by Fee Fan Club)

In Glad Gang, apparently the leader, CharaCookie, wants to "Do geno until mad Dummy to get glad Dummy and skip the fight."

Their conflicts are with the Pacifist Gang and Spare Toriel gang. Their allies are Z Gang and Undying Gang.

The Spare the Dogs gangs goal is to Spare the Dogs. They are run by Pancakes. Their allies are The Spare Toriel Gang, and their conflicts are with the Glad Gang.

The Undying Gang, led by BellSound, goal is this. "The goal is to do complete genocide until we reach Undyne the Undying. It will be an achievement. Of course chat will probably never beat Undyne so we'll probably either have to reset or just abort but who cares?"

-Bellsound

Their conflicts are with the Barrier Breakers and The Glad Gang

The Spare Papyrus Gang, led by Pancake, "because papyrus is funny and I want donut checkers to have something to add to life by calling him. Even if we kill, I still want to be able to call him." -Pancake

The Whit Gang, more of a joke gang, was formed to worship Whit. Whit is what they call themselves, due to #FFFFFF being very close to the color code for white. And they named the character FFFFF. This is the sprite for Whit. "Our goal is to Whit" -King Blocky, the leader.

The Kill Gang, led by Sans, who is also the leader of the Troll Gang, who I was unable to get an interview with about The Kill Gang, however I assume their goal is to kill as many monsters as they can.

The Silly Gang, who I didn't get an interview with the leader however with a member of it, Diachi, said this. "!!keep the run going with funny variables like the bored dummy and toriel's stolen phone!!" -Diachi

The Healing Items Gang, who's led by Pancake, I assume wants to spam healing items, similar to the Pie-Eaters

Sweetie Mercy Gang, who is also run by Pancake, have the goals of sparing Toriel, Lesserdog, Greaterdog, and Papyrus.

Also, a new gang has risen, replacing the Barrier Breakers. The Mercy Gang, who wants to end the run with as few kills possible. Their leader is Whimshum, who when asked why he wanted to do this, said this. "Because killing individuals is immoral, is there any other reason?!" -Whimshum

(Replaced Barrier Breakers)

The Spaghetti Gang, This gang apparently had no leader, and when asked why they wanted to do this, they said "Just funny." -Moge

They stated that the goal was to just read the note of Papyrus explaining the Spaghetti Trap, or just looking at the spaghetti for an entire hour. This gang started at 1:AM and then ended 5 minutes later. Didn't last very long.

Save Gang, a rather small gang, but very important gang, is a gang who doesn't have any leader, and really just wants to keep saving.

Progress Gang, another gang which is really just fused with other gangs due to progress already being required to happen, however still formed, is a gang who just wants to progress.

The Fee Fan Club, which replaced The Spare Toriel Gang, is a gang who just wants to celebrate the female MC of Twitch Plays Undertale.

The Bridge Breakers, is a gang formed completely for the purpose of getting past the Undyne second chase, which was made around 9-13 hours after they first entered the room. It consists of Scyrulean, the leader, Arstraarrow, Bryce, and Thestrifeisreal.
